The Honorable Fred Upton
Chairman
House Committee on Energy and Commerce
2183 Rayburn House Office Building
Washington, DC 20515

Henry Waxman
Ranking Member
House Committee on Energy and Commerce
2204 Rayburn House Office Building
Washington, DC 20515

Dear Chairman Upton and Ranking Member Waxman:

On behalf of T-Mobile US, I write in strong support of two bipartisan bills the Energy and Commerce Committee intends to mark up this week – The Federal Communications Commission (FCC) Process Reform Act and The Federal Spectrum Incentive Act.

Regarding the FCC process reform bill, it is our view that this good-government bill will go far in improving the transparency and certainty of the FCC's actions.

I also want to praise Reps. Brett Guthrie and Doris Matsui for their continued leadership on spectrum issues through the introduction of the Federal Spectrum Incentive Act. This bill provides a new mechanism to incent federal users to free up spectrum so that it can be repurposed and auctioned for commercial use. As a company with a long history of partnering with federal agencies on spectrum relocation issues, we applaud the committee's efforts to provide an additional incentive for federal agencies to be efficient with the resources they are provided.

I commend your leadership in finding bipartisan solutions to some of T-Mobile US's pressing challenges, and I look forward to working with you on these initiatives that will help drive continued economic growth and consumer-focused innovation in the wireless industry.

Please don't ever hesitate to reach out to me if I can be helpful to you.

Sincerely,

Anthony Russo
Vice President, Federal Legislative Affairs
